

Apple Color StyleWriter 2400

Features

Outstanding print quality

- Prints extremely high resolution documents by smoothing the edges of text and line art using 720- by 360-dpi resolution for crisp black-and-white pages; prints pages containing color or gray-scale images at 360- by 360-dpi resolution
- Provides a choice of 64 scalable TrueType fonts for printing in any size and in a wide range of styles
- Takes advantage of ColorSync color-matching technology to ensure accurate color matching from screen to printer

Convenience

- Takes advantage of the high performance of PowerPC processor-based computers to speed the processing and printing of complex documents
- Features an extremely compact, attractive design
- Offers the option of printing on a wide range of media, including plain paper, transparencies, glossy and premium paper, back-print film, and envelopes
- Comes with ColorShare technology to enable printer sharing over a variety of networks
- Supports optional LocalTalk module, making it easy to add the printer directly to a LocalTalk network
- Includes everything needed to print: interface cable, ink cartridges, ink tanks, and sample media kit
- Complies with the EPA's Energy Star guidelines for energy-efficient operation
- Provides "desktop printing"; lets you print files by simply dragging them onto a desktop printer icon
- Allows you to place watermarks in the background of your documents quickly and easily
- Lets you print two or four reduced-size pages on a single sheet of paper for fast and easy document review

The Apple Color StyleWriter 2400 is an affordable ink-jet printer that provides high performance for both color and black-and-white printing. It's ideal for home, education, and small-business users who require convenient, superior-quality color capability.

Whether you use the Color StyleWriter 2400 to print your household budget, your child's latest art project, a class handout, or a customer presentation, you'll appreciate the quality and convenience of this printer's fast-drying, water-resistant ink. And you'll find the Apple Color StyleWriter 2400 equally convenient to own. It's extremely simple to set up and features a compact, attractive design that fits easily into any work space. In addition, the Apple Color StyleWriter 2400 provides economical energy efficiency through its automatic power on/off control, complying with the EPA's Energy Star energy-conservation guidelines.

The Apple Color StyleWriter 2400 produces output with impressive quality, offering 720- by 360-dpi resolution for edge smoothing on black-and-white pages and 360- by 360-dpi resolution for pages containing color or gray-scale images. Its speed is also impressive; the Apple Color StyleWriter 2400 prints up to 5 pages per minute in black and white and up to 0.33 page per minute in color. Through Apple's ColorShare technology, the Color StyleWriter 2400 can be shared by users on a LocalTalk, EtherTalk, or TokenTalk network, providing fast data transfer over a variety of networks. Or you can choose to add the optional LocalTalk module, for direct connection to a LocalTalk network.

Through its integrated ColorSync software, the Color StyleWriter 2400 provides excellent print quality and superior color matching.

So if you want great print quality and color capability—and a pleasingly low price tag—the Apple Color StyleWriter 2400 is the printer for you.
